

View facing east, showing quadrangle from the location of the security camera 13. The toilets block is located in the middle of the scene.

Tree on the right-hand side of the security camera where the object appears to be originating. The object may be coming from behind the tree, however this is not conclusive. Note that residents are visible on some balconies.

The pool on the left-hand side of the quadrangle, viewing east. The object appears to depart the scene above this location.

View from the roof of the building, facing east, showing the quadrangle and swimming pool.

The security camera 13 mounting location on the north-west of the quadrangle, facing east.

View of security camera 13 showing the spiders' webs location around the wall mounting bracket.
